Fox Valley Dog Training Club, Inc.
Advanced Puppy Class Information

FVDTC is proud to offer a class for owners of puppies who have attended a Puppy Class. The Advanced Puppy Class is designed to continue your Puppy's education picking up where you left off in the Puppy Class. Puppies eligible for this class must have completed one of our Puppy Classes within the past two months, or come from an equivalent class at another facility. We limit the puppy class size so that each puppy and owner will be able to get more individualized attention.

Many of the skills and commands included in this course were introduced in the puppy class. Here we will continue to build on that foundation to make the command more reliable and correct. Once you have completed this class, you and your puppy should be ready to move into an Advanced Beginner Class or the Rally Run-Thru Class.

The next several pages include all the information you need to enroll and to prepare for class. You will find:

1. **The Class Enrollment form.**
    a. Please complete the form and send it, along with your fee, quickly to guarantee your place in class.
    b. Applications are accepted on a first come, first serve basis. Once a class is full, there will be no exceptions. This allows the instructors to provide each person with some individualized attention.
    c. **The fee for the 8-week session is $145.00 for a non-member and $40.00 for a member and must be paid in full before the session begins to guarantee your place in class.**
2. **Health Certificate**.
    a. Health certificates must be completed by your veterinarian and brought to the first night of class.
    b. If you are coming from an outside facility, we suggest you do the stool check as soon as possible in case your dog needs treatment for parasites. We want to make sure you are ready when class starts.
    c. If you are coming from one of our Puppy Classes within the past two months, you will need to have your vet complete a health form including any updates. You will not need a new stool check, just use the date and results from the one you did for the Puppy class.

Visitors are always welcome.

If you decide that you do not wish to continue in your class, you MUST notify the Class Registrar listed below, or the Primary Instructor (if you know that information), before the beginning of the second class, in order to receive a full refund. Refunds will not be given once the second class has begun.

Date: _____

Please list the dates for the following vaccines and/or tests, as appropriate for the puppy's age:

Bordetella _____ **Distemper (or Titer)** _____

Heartworm _____ **Parvovirus (or Titer)** _____

Rabies _____

If you did not attend a Fox Valley Dog Training Club Puppy Class, your dog is required to have a stool sample tested within the 30-day period PRIOR to your class start date.

We encourage you get the stool check as early as possible within the 30-day time frame in the event that your dog needs treatment for parasites. This gives you time for the treatment to take affect; and possibly allows you to get a negative stool check. In order to come into the class, your dog will need a negative stool check.
